Art Unit: 3651

1. The following is an examiner's statement of reasons for allowance: The claims have been allowed because claim 1 recites that there are three groups (top, bottom, and intermediate) of inter folded sheets. Each group has the top and bottom panel and means to attach the panels together. Claim 16 recites the upper and lower groups of interfolded sheets where the top and bottom panels are attached and are also interfolded to the upper and lower groups. Claims 19 and 22 recite a container having a dispenser opening. There are upper and lower and, in claim 19, an intermediate group as interfolded sheets. There are top and bottom panels attached to the upper and lower groups where the bottom panel ^{pulls} the top panel out of the opening. These recitations in the claims are not taught by the cited art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Examiner K. Noland at telephone number (703) 308-2168.
